# KINDERGARTEN CLASS GOALS

## GOALS FOR MOTHER'S MORNING OUT (MMO - 12 months to 24 months)

Our one year olds attend two days a week. There are two teachers in this class with a maximum of 10 children. There is an emphasis on social skills development through sharing and playing with others, as well as, learning to communicate personal wants and needs. Their schedule is flexible and includes indoor and outdoor play, music time, story/book time, snack, and simple art projects.

## GOALS FOR 2K

Our twos attend three days a week. There are two teachers in this class with a maximum of 10 children. There is an emphasis on social skills development but pre-reading and pre-math concepts are taught as well through centers. Sharing and playing with others while learning to communicate personal wants and needs is a big part of this program. Their schedule is flexible and includes circle/story time, indoor and outdoor play, music time, snack, and simple art projects. No child is forced to do anything he is not developmentally ready to do. We gladly work with parents as students become potty trained. Curriculum is based on themes such as farm animals and the 5 senses.

## GOALS FOR 3K

Three year olds attend three or five days a week. These children are more independent and ready to learn. Fine motor skills (holding a crayon or pencil for example) and gross motor skills (like catching a ball) are taught and practiced in a safe environment. Social skills such as sharing, listening, and helping others are experiences your child will have. Pre-reading and pre-math skills are taught in Center Time as well as during Circle Time. This class has space for 12 children and will be taught by a teacher and an assistant. Curriculum focuses on a letter or theme of the week and all classroom activities revolve around that letter or theme for the week.

## GOALS FOR 4K

Four year olds may attend three or five days a week.. All four year olds are required to be potty trained. Pre-reading skills and pre-math concepts are emphasized during Circle Time. Curriculum focuses on a letter or theme of the week/month and classroom activities revolve around that letter or theme for the week/month. Learning builds on concepts taught in 3K. All activities encourage student engagement and involvement. Opportunities are provided to help your child build a self esteem and self confidence as he or she approaches 5K. This class has space for 12 children and will be taught by a teacher and an assistant.

## WEEKLY ACTIVITIES

### CHAPEL

Bible lessons and music, that relate to every life, are led by the ministerial staff to help with the children's spiritual growth.

### MUSIC

Children learn about rhythm, beat, instruments and music basics through a variety of songs and instrument play.

### PHYSICAL EDUCATION

Children like to move and need to move! The physical education class will focus on large motor skills, balance and coordination. Again, every child develops at his own pace and no one is forced to do something they are not ready to do. FUN is the key in this class!

**We want to provide the best preschool program for all children. Unfortunately, under certain circumstances, there may be physical, emotional, behavioral, or medical issues that our staff members are not trained or equipped to accommodate. In those cases, we reserve the right to deny acceptance to our program or at times, dismissal from our program. The Director and Weekday Education Committee will make the final decision concerning attendance.**

We at Laurens First Baptist Church Kindergarten are truly honored that you are considering us to be a part of your child's early years. It is a time of rapid growth and development in your child's life. We work to help each child learn who they are in God's image.
